GATES**

Fortin Ironworks is a family owned and operated ornamental iron and metal fabrication company located in Columbus, OH. Since 1946, we have specialized in high quality architectural ironwork and custom metal fabrication, working our way to become a titan of local industry, with a nationwide reach. Each of our products are hand crafted with the finest materials by our experienced artisans and fabricators, ensuring we provide customers with the signature high quality craftsmanship that has become synonymous with our brand. We have a vast array of available products waiting to be discovered and added to your home, property, or business. Browse this catalogue or visit our showroom to see our collection of products, and contact us to make Fortin Ironworks a part of your project today.

DRIVE GATES

This literature is designed to be a guide to help you decide what gate style and design options best fit your needs. Every gate is based on a layout of 5 feet tall by 14 feet long (70 square feet), using a heavy gauge (3/16") 5" or 6" square tubing posts. Every gate is welded together at every joint providing more durability. Gates are primed and painted black. Available upon request is an upgrade of a black heavy equipment grade polyester baked-on powder coat finish. We utilize a sand blasted cleaning process for maximum paint adhesion before applying our polyester powder coat. Gate styles and prices may vary as length and height ratios change. Custom gate panels are available to improve layout spacing as necessary. Due to the nature of custom iron products, the prices detailed in this literature may change according to your specifications. For exact prices, please fax, mail, or bring a gate estimator your layout drawing with dimensions.

CUSTOMIZATION

For customers who want a truly personalized drive gate, adding the options listed above creates a one-of-one gate to make your own stand out. For more information about customization please contact your estimator.

INSTALLATION

For customers located in the Columbus area, we proudly offer our own installation services. Installation has a **\$1800 minimum**, but may increase depending on the difficulty of your application. Contact your estimator to discuss installation options.

INSTALLATION CHECKLIST

Contact any neighborhood associations for code concerning style and height restrictions.

Notify your neighbors.

Apply for and obtain any required permits.

Obtain a survey of your property. This is usually provided with your homes deed.

Mark your property corners and establish your property lines.

Determine exactly where you would like your gate to be located. *NOTE: The outside of the gate post must be a minimum of 6" from the property line.*

Remove any obstructions blocking your drive gate and posts. Customer must remove all trees, shrubs, rocks, etc, within the drive gate line prior to installation.

Mark any underground utility lines, drainage lines and irrigation lines. Please call your irrigation company as well as any other companies that have done work underground in this area previously.

Call Ohio Utilities Protection Services at 1-800-362-2764 to locate underground utilities. Visit them at **www.oups.org**. Just remember that state law requires that you call "48 hours before you dig" excluding weekends and legal holidays. *This is a free service.*

FORTIN INSTALLATION

IF FORTIN IRONWORKS IS HIRED TO INSTALL YOUR DRIVE GATE, PLEASE BE AWARE OF THESE CONDITIONS

Drive gate post holes are approximately 36" deep x 18" diameter

Fence rows and drive gate posts according to code must be installed a minimum of 6" in from property lines.

If dirt location is undetermined, Fortin Ironworks will pile the dirt and debris next to each post along the fence row or next to the drive gate posts. Fortin Ironworks will not move this dirt once it is removed from the holes and placed on the ground.

It is the responsibility of the homeowner to mark any underground utilities. If Fortin Ironworks damages an underground line, it is the responsibility of the homeowner to pay for any repair costs.

Additional charges will be added to your balance to remove or go through old foundations, footers, rocks, bushes, trees and any other items in the way of the gate.

Please be prepared for damaged lawn and landscape. Fortin Ironworks will make every reasonable effort to prevent such damage. If you have delicate landscape or ornaments, please make appropriate actions to protect these items or remove these items until the installation is completed.

ALL JOBS MUST BE PAID IN FULL ON OR BEFORE THE DAY OF COMPLETION
