# CURTAIN RODS

Our selection of curtain rods ensure you won't have to worry about your drapes falling again. Choose between our two styles, be it a standard round curtain rod, or a twisted curtain rod to add some interest. Along with your curtain rod, you may want to consider our center ornaments that give your curtain rod that little bit of extra ornamentation, but won't get in the way of the curtain.

**NOTE:** When ordering a curtain rod, do not include finials in the dimension, only include the dimensions required for the rod itself. Rods come in one piece up to 144" (12').

# FINIALS

The decorative ends of the curtain rod are where you can really bring out the style that you want your curtain rod to exude. Our finial selection includes classical designs that have more ornamentation, or minimal designs that blend into the background and let your drapes do all the talking for you. No matter your style or tastes, we are sure to have a finial that will fit your needs.

# TIE BACKS

When you want the sun to shine through, why not let in as much light as possible? Our tie backs allow for drapes to be pushed away, and let the light pour in through your window. When not in use, they can add to the style of both your space, as well as match the ornamentation on your curtain rod. Keep in mind the thickness of your drapes, as well as the width of the fabric, as some tie backs may be too small for your application.
